They are very satisfied with the number of registrations: 164 dogs, 81 KH and 83 LH.

### 3. Information from the Luxembourg Club (CISB) about WUSB 2019. In view of the heat wave, the board has taken the necessary measures for the well-being of the dogs. There is a lot of shade under the trees in front of the soccer field, only dogs that are preparing for the judgment can be in the ring. There are enough water points.

The organization has provided everything, it is mainly up to the owners to take care of their dogs. A strict law has been in force since 2018. Be careful not to leave the dogs in the car with the doors closed. Large fines are imposed, and the dog is confiscated. There is also space for caravans under the trees. The ceremony begins at 9 a.m. The judgment begins at 10:00 a.m., at the scheduled time. The Committee wishes everyone the best of luck.

The report were e-mailed to the secretariats and presidents of the member countries and published on the website.

There are no comments.

6. Reports of the board:

- Annual report of the president

Didier thanked all members of the committee for their work throughout the year.

The committee met three times:

- The first time in Italy after the elections.

- One time at Jean's funeral.

- And in early April to meet this year's organization team and to work on the new show regulations, which we will propose to you for approval.

Didier contacted Mr. Declercq, director of the FCI, and Barbara Muller, representative of the Swiss Kennel Club, to find out how we can have our global assembly (WUSB) recognized at the highest level. However, to go further on this issue, he asked delegates if they were trying to achieve WUSB recognition at the FCI level. The result is not certain, but anything is possible if Swiss Kennel Club basically agrees.

Result of the vote: The majority votes for an association as a FCI partner.  
Only 2 members voted against.

A FACEBOOK page was created to improve communication.

The boarder has created and published two newsletters.

In the afternoon there is a breeding meeting with representatives from the individual countries. The health of our dogs is our priority.

Other actions were also discussed, e.g. a right to the designation "WUSB breeder".

In connection with the vacant board post after Jean's death, we decided to wait until next year to present a replacement. This decision is made in respect of Jean Prim.

Didier asks potential candidates to sign up as soon as possible. Then we will put this item on the 2020 agenda.

- Report of the cashier, the cash auditor and the trust company.  
The cash are presented on basis of the report.

- There was a question at item 4: Milan Plundra proposed only one judge per ring who can award the CAC. After the debate, the President proposed to hold a secret vote.

Result: 2 judges without CAC: 26 votes
